Why IPTV is the Future

PC Magazine

Dumb, too, because it doesn't take full advantage of the IPTV distribution model that should be a fourth way to get broadcasts—a standalone method. It should not be dependent of the other three distribution methods: cable, satellite, over-the-air (OTA ...

Fairfield kiteboarders on IPTV

Fairfield Ledger

The film crew from IPTV met them at Lake Rathbun and outfitted them with the latest waterproof cameras. "They were able to get some excellent video from the perspective of a kiteboarder on the water," said Stone.

"Kiteboarding is an exhilarating ...

Sony putting IPTV plans on hold because of Comcast bandwidth caps

The Verge

By Sam Byford on May 2, 2012 02:40 am 6Comments The last we heard of Sony's rumored IPTV ambitions was a fairly non-committal "never say never," but now an executive has shed some light on what's been taking the company so long.
